

Student Code of Conduct A to Z Guide 2020 - 2021 Sri lanka

Stay on track

Tips to help you get the most out of your student life!

PLAN AHEAD, SET GOALS AND REWARD YOURSELF

List all of your assignments and their due dates, so you can plan ahead to ensure you meet the deadlines. Set SMART (Specific Measurable Achievable Realistic Timely) goals. Recognise your achievements and reward yourself once your goals are met.

TURN UP AND KEEP UP

It is easy to fall behind if you are not attending classes – regular attendance, and keeping up-to-date with readings and assignments, will help you to stay on top of your workload.

BE POSITIVE

It can be daunting in the beginning, but be positive about yourself and your abilities – you got here on your own merit!

MAKE FRIENDS

Establishing connections on campus can provide you with a sense of belonging and will have a positive effect on your student life. Your classmates are battling the same questions and deadlines and can offer support and motivation.

LOOK AFTER YOURSELF

It can be impossible to concentrate on an empty stomach! Remember to snack regularly and maintain a healthy diet. A good diet can help you stay focused in class.

KEEP A BALANCE

While your study is important; it is essential to keep a well-balanced lifestyle. Students who work too much, may find their stress levels start to increase and their studies begin to suffer. It is important to maintain a balance – keep your social, study and work commitments in check.

DON'T BE AFRAID TO ASK FOR HELP

All teachers and support staff are here to help you! If you are having difficulties, ask for help sooner rather than later (smaller problems are much easier to deal with).

A-Z of Useful Information

This section contains essential information for William Angliss Institute @ SLIIT in partnership with Colombo Academy of Hospitality Management (CAHM) from hereinafter, referred to as 'the Institute' students including services offered. It also provides information regarding enrolment, fees, assessment, appeals and complaints procedures, attendance, articulation and other general information.

A

Absenteeism

We expect a minimum of 80% attendance from the students on each subject. We totally discourage late comings. Continuous late attendance or absenteeism affects learning and disrupts the other students as well as the Teachers. Regular late attendance will lead to disciplinary action. Refer Attendance on Page 5 for more information.

Accidents

Any accident occurs within the campus premises resulting in personal injury should be immediately reported to their Senior Academic Head or the Manager – Administration & Student Affairs and recorded in the Injury Register. The duly completed Injury, Accident and Hazard Form will be forwarded to the Centre Director within 24 hours of the incident by the relevant authority.

Accommodation

Accommodation is not provided by the Institute but to assist our outstation students a list giving rental offers for shared accommodation is displayed on the student notice board at the SLIIT main entrance.

Alcohol and other Substances

Students are not allowed on the premises under the influence of alcohol or illicit substances.

Classes may incorporate the use of alcohol at times under the supervision of the Teacher as it is a requirement of the learning outcome or element of competence, but always keep in mind and abide by the law enforced that consumption of alcohol is strictly prohibited to students under 21 years of age.

Students who do not wish to consume alcohol for religious or cultural beliefs should inform their teacher so that special arrangements can be made.

For confidential alcohol and drug counselling information and referral, please seek assistance from your Senior Academic Head.

Alumni

See Angliss Global Network – Refer page 4

Ambulance

If an ambulance is required, students should immediately contact the Institute's Administration Team for assistance.

Anaphylaxis

Anaphylaxis is a severe allergic reaction that can be caused by some foods. Students may handle all types of food substances during their learning process. If a student has been diagnosed, suffering from anaphylaxis the following should be done;

Student should carry Epipen with them at all times

Inform the teacher if any reactions develop unexpectedly.

Ensure the Institute is aware of the condition through student's enrolment details and by notifying the Program Leader and the relevant teachers.

The information provided by the student will be kept confidentially and only be used for the safety of the student.

Angliss Global Network

Once a student has graduated, they will automatically become a member of the William Angliss Institute Alumni, the Angliss Global Network (AGN). The AGN provides valuable linkages between industry, students and alumni through events, regular newsletters and opportunities for professional development, mentoring and networking in Australia.

Appealing Results

Assessment grades are highlighted in every unit manual with the assessment formats. It is the student's responsibility to check their results. Students should check the accuracy of their results and discuss any discrepancies with the relevant teacher or the Senior Academic Head. Students may appeal by way of duly completing and submitting An "Appeal on Assessment Result" Form clearly stating the incidents or reasoning behind as to why they believe that they have been discriminated / disadvantaged against within 5 days after obtaining the results. For further details on the Appeals process students should see their Senior Academic Head. The Senior Academic Head will on his / her sole discretion decide if the appeal is to be investigated based on the justification of the given information in the appeal.

Articulation

Every course at the Institute which leads to an

Australian vocational qualification has provision in it for articulation between courses. (Refer to Credit Transfers in page 7). If a student has previously been enrolled or completed a course offered by William Angliss Institute @ SLIIT or another Registered Training Organisation (RTO), or Higher Education Provider, credit for subjects completed might be granted in the new course. This applies to students entering the Institute from other RTOs, to students moving from the Institute to do courses at other RTOs, and to students moving from one course to another within the Institute (Refer RPL in Page 11). In all cases the appropriate selection criteria for course entry will apply.

Assessment

See also **Appealing Results**, – Refer page 4

Assessment Resubmission,

Examination Regulations, Special Consideration and Student Code of Conduct.

Students will receive information about the Subject Outline at the first class in each subject cluster or unit, or their teacher may send the outline electronically. The Subject Outline states the elements of competency, the forms of assessment and the dates of assessment. Dates may be subject to change however, the student will be notified accordingly. The standards on which competency is assessed will also be outlined. These standards are determined by teams of teachers led by a subject facilitator whose job is to ensure that teaching and assessment are uniform, and conform to national standards.

Some workbooks will have the details of the unit and assessment in it, rather than Subject Outlines.

The use of electronic linguistic dictionaries, mobile phones, smart watches, smart devices and calculators are not permitted in assessment situations. Students can only take pens, pencils and paper based dictionaries into tests and exams – unless otherwise specified in the subject outline or by the teacher.

Students in industry and in TAFE competencies are the basis for measuring performance. Students are required to demonstrate competence in specified levels of performance in each unit they study. Assessment of students may be undertaken in a variety of ways, such as formal or informal tests, assignments, practical demonstrations, project work, written or oral reports, simulation, third party reports and observation within the classroom or workplace.

At the beginning of the subject the teacher will give an introduction to each unit that will be undertaken in that subject, and assessment details will be given in relation to all units. At the start of each unit, students will be informed of the formal assessment requirements of the unit, including the dates of completion.

For all assessment tasks, students will be given two opportunities to demonstrate competence. Where students are assessed for group activities it is important they attend classes designated for work on group projects. If a student does not participate in the group work they may

A-Z of Useful Information

jeopardise their grade for that particular assessment. When students are assessed in a group it is each member's responsibility to:

- Solve any problems within a group.

- Select group members, unless directed into groups by their teacher.

- Maintain a log book which details group members' contributions and set tasks.

- Students should provide minutes of meetings held in and out of class time and industry visits if required.

Events and Functions Teachers of relevant units will provide guidelines regarding events and functions managed by students. When preparations for events are being conducted at the Institute premises appropriate clothing can be permitted upon the submission of a student request form. Students must refer to these guidelines before contacting external parties on behalf of the Institute as part of their assessment task (e.g. suppliers, potential sponsors, and collaborators) and representations of the Institute brand (Refer to Branding on Page 5). A separate result will be given to each individual within the group.

Assessment Resubmission

See also **Assessment** and **Special Consideration** - Refer page 4 and 12

Students who do not achieve competency on their first attempt will be given two more attempts to re-sit and achieve competency within that teaching period. Late or resubmitted work can only receive a competent result, unless special consideration has been granted.

Special consideration must be sought prior to the due date by completing a 'Student Request' form available from the Administration & Student Affairs Department and handing over to your Senior Academic Head for approval.

Students who have not achieved competency in a unit within the teaching assessment period must re-enroll in the following teaching period.

Students who are not successful in completing a unit and required to re-enroll are required to pay an additional tuition fee.

Students who are required to re-enroll in a unit which they have previously not been successful in completing, are required to pay an additional tuition fee and will be required to pay the fee for repeat units at the rate in place at the time the re-enrolment takes place.

Attendance

See also **Lateness** and - Refer page 9

Student Code of Conduct - Refer page 12

All students must be in attendance for the first class of each unit and attend all subsequent classes until the assessment has been completed, including re-assessments, unless otherwise advised. There is an expectation that attendance will be a minimum of 80%. Individual teachers will outline their expectations, but students are encouraged to aim for 100% attendance, not only as an aid to learning but also because it helps to develop team-work in class.

In the event of illness and unable to attend sessions students must immediately notify the Manager - Administration and Student Affairs. It is mandatory that on arrival to the institute after the recovery of illness students should submit a duly completed Medical Submission Form along with a medical certificate which is needed when an assessment is taking place.

A Student Request Form should be duly completed and submitted to the Manager - Administration and Student Affairs and obtain prior approval for permission either to leave early or for non-attendance of sessions.

Attendance will be monitored on a regular basis and the Institute will record non-attendance, including absences due to illness or any other circumstance, on file for International Students. This attendance information may be used in the decision to report the student to Immigration for unsatisfactory course progress.

Should you require further advice on this issue, please contact the Manager - Administration & Student Affairs.

Awards - Special Achievement

Awards for academic excellence and special achievements are presented to students at graduation ceremonies.

Nominations for awards are made by teachers on Grades, Marks obtained, Attendance, Active Participation in Sessions, extra-curricular activities, attitude etc., and are based on criteria that vary according to the subject. Many of these awards are supported by industry and confirm their recognition by the Institute.

B

Banks

An Automatic Teller Machine (ATM) is located on the Ground Floor of the SLIIT main building.

Branding Guidelines

Students must not utilise the Institute's logos without permission for personal use or as part of your assessments through social media, digital or written documentations. This is to ensure the Institute's brand is protected by standardising all visual expressions of the brand in all forms of communications.

It is the responsibility of the student to:

- Ensure imagery chosen to promote events aligns with the overall brand. However, the design does not need to be the same as the corporate brand.

- Student-run events at the Institute should include the logo specifically designed for students.

The use of the Institute's name William Angliss Institute @ SLIIT in any form, including WA, WAI, CAHM or SLIIT must not be used on any social media platforms, especially when organising student-run events. This avoids such pages to be available for viewing by the general public when / if they conduct a search on a web search

engine, as the content / information may not correctly represent the Institute according to the branding guidelines.

Please contact the Centre Director for clarification.

A private space is available upon request for breastfeeding mothers. Visit the Administration & Student Affairs Department for further information.

Some conduct is considered a criminal matter and will be referred to the police. These include physical assault, stalking, threats to harm someone and damage to property. In Sri Lanka, certain forms of serious bullying including conduct that is intended or could reasonably be expected to cause the victim physical or mental harm (including self-harm) may be considered a criminal matter.

The Institute has a policy and procedure for dealing with bullying, and will ensure that any complaints / grievances are dealt with promptly and effectively. See also **Complaints**

Copying another's work without acknowledgement and other forms of cheating are viewed seriously. Students at the Institute are expected to uphold academic integrity and avoid plagiarism. The way students present ideas and information in assessments must be totally their own. Plagiarism occurs when someone submits work that was written by someone else and claims it as their own. Collusion occurs when two people or more work together on an assignment / assessment which is supposed to be done individually. It is considered to be plagiarism if a student uses material found in a text or online, without referencing the source in the body of the text, or uses the work of another student or friend.

When a student submits work or larger sections of previous assessments of his / her own for different assessments either in the same unit or subsequent units.

As the relevant test or assignment will not be assessed, the student is considered not to have completed the subject requirements. A 'Not Yet Assessed as being competent' 'N' result will be recorded and re-enrolment will be required.

Students found to have cheated, colluded or plagiarised during assessment will be listed on a database and immediately placed on probation.

If a second incident of cheating or plagiarising is proven then the student concerned will face expulsion from the course.

A database is recorded for instances of plagiarism and the academic staff has been advised accordingly.

Uniform Requirements

See also **Personal Grooming & Jewellery** - Refer page 10

For health and safety reasons, uniforms are often required in class as in the workplace. Where a uniform is required for classes the following policies apply:

Students, who arrive for class without the required uniform or part of their uniform, or without practical kits, will not be able to participate in the class. This will affect attendance

Black shoes which are made out of leather or any other material but which will always have a leather effect are compulsory for all students to wear during all practical classes. Runners, sneakers, open shoes are not permitted in a practical kitchen environment and entry with these shoes will result in the student not to be admitted to class. Strong leather shoes (that are covering feet completely) are recommended to prevent slips or any hot items penetrating the sole or upper surface of the footwear.

For all practical sessions irrespective of whether it is Housekeeping, Food and Beverage or Cookery, students are required to wear the appropriate uniform as directed by your teacher. Footwear must include black stockings or socks and black closed-in shoes. (Once again directed by the teacher).

Where dress required for class is not of a professional standard (dirty or unpressed), students will be excluded from participation.

Practical session uniforms (mainly cookery uniforms) are not to be worn while travelling to and from the Institute or when students leave the Institute during breaks.

Variation of Enrolment

Students who need to vary your enrolment after paying fees you need to obtain one of the following forms from the Administration & Student Affairs Department:

Variation of Enrolment Form

Cancellation / refund Form

The forms need to be completed and then signed / approved by their Senior Academic Head. Students who do not notify the Administration & Student

Affairs Department of withdrawals, may be given an 'N' (not yet assessed as competent) result for that subject. If they do not process their variation before the census date, even if they do not attend they will be charged for the unit.

Visitors into the Campus Premises

Students are not permitted to bring outsiders into the campus premises. In case of necessity permission should be duly obtained from the Manager Administration and Student Affairs.

Volunteering

Volunteer work is unpaid work that can act as a bridge between study and work, giving students on-the-job experience, the opportunity to apply skills learned, develop new networks, and even get more referees. It can also be a fun filled, social experience that can expand personal development skills.

While volunteer opportunities are not paid, formal processes and conduct are still expected and required to ensure both the volunteer and the volunteer provider are protected. Therefore, it is important that students understand all rights and responsibilities and expectations of the role. Basic rights of volunteers:

Right to be safe and secure

Right to regular breaks

Right to decline activities which are unsafe or outside of parameters of the volunteer position

To seek advice if students want/need help about their rights

Withdraw at any time without prejudice if students feel uncomfortable or endangered.

Where to go if students need advice/need to talk to someone, a volunteer could speak to the following:

Teacher/Trainer

Industry Specialist

Senior Academic Head or Centre Director
